## Maths Theatre Production by Quantum Theatre Group

Dear Parent/Guardian,

I am delighted to inform you that we have invited the Quantum Theatre Group in to school on Wednesday 31<sup>st</sup> January to perform their most recent maths based production. Based on the new math's curriculum ***The Adventure of the Missing Number*** explores 'place value', 'number' and 'calculation'.

### The Adventure of the Missing Number

Why, oh why are Create the World Lego cards proving so hard to find? Why are they disappearing from the shops? Our legendary sleuth and his assistant cannot understand it. But when a strange new website appears, selling the top collectables at extortionate prices, our heroes begin to wonder if something more sinister might be behind it... Could it be their arch nemesis himself, the brilliant but dastardly Fibonacci?

The group will be performing three plays throughout the day, to ensure that all pupils have the opportunity to attend one of the performances, the cost of the performance is £1 per pupil. This is a voluntary contribution, but we hope you will all feel able to contribute this small amount to what promises to be a most enjoyable and education performance. Payment to be made via Parentpay.

Yours faithfully

Michelle King  
Faculty Leader of Maths

.....  
I would like to make a contribution of £1 for the Maths theatre production.
