

19th April 2024

Dear Parents and Carers,

After the success of our Year 6 SATs revision session for pupils last week, we have decided to offer it on both Wednesday and Thursday for the next four weeks. These will run after school starting on Wednesday 24th April 2024 and Thursday 25th April 2024. Pupils are invited to attend one or both of the evenings if they wish.

These sessions will give pupils the opportunity to practice some key maths skills that will support them in preparation for their upcoming SATs examinations. The sessions will run from 3:45 pm until 4.45pm and will involve different members of the mathematics department who will be on hand to support and guide pupils on any misconceptions, errors or questions they may have.

To sign up for the sessions, please complete the [form](#) here by **Tuesday 23rd April 2024**.
